

# Our Solutions

# Portfolio 2023/24

## Freeze Drying

Our core competence we have mastered for over 10 years. Our experience and innovative approach allows us to offer customised solutions for your needs.

## Product Development

If you think about the product in a dried form ask us for a solution. Our experienced RnD team will propose the most effective solution to make your idea of products a real one.

## Full Scope Service

One stop shop for dehydrated products is our unique value proposition. We are well prepared to offer you final products based on the Freeze Dried technology, including sourcing, dehydrating, finishing the product and packing.

## Private Label

We specialise in processing and we believe you should keep the focus where your expertise is. We are keen on cooperation with brand owners and retail networks to joyfully revolutionize the food market.
